

**REPORT OF FACILITIES COMMITTEE
CITY COUNCIL MEETING
THURSDAY, JUNE 21, 2007**

At last report in May, it was reported that Eric Bosman of Urban Collage would be working on a first draft of the Request for Quotation that Council will send out to architectural firms interested in quoting on the first phase of the development of the new City Hall facility. As of this date, the draft has been received by the Committee Chairman and disseminated to Committee members, who have been tasked with the preliminary review of this document.

The Committee will then meet within the next week or ten days to go over this document and submit comments to Eric which may or may not require correction and/or change. After that review and comment session, the finalized draft will be sent to Council with the Committee's recommendation.

We expect this dissemination to Council to take place in time for review prior to the July Council meeting.

Respectfully submitted,

Barbara Carroll, Chairman
